

PROJECT BY OUR EARTH

BETWEEN THE TREES

2 & 3 BHK FIRST HOMES

In between the city's hustle, an area that holds peaceful ground

Tucked into the calm of Shilaj, Between the Trees is a residential scheme that brings together space, light and nature. With homes that breathe, gardens that climb and design that responds to life, it offers a peaceful retreat for modern families.

*all locations marked are for reference only, cannot be considered as actuals

In between design and emotion, a home that feels just right

These homes carry the quiet grace of nature, the rhythm of art and the warmth of heart. Light flows gently through every space. Materials feel honest underfoot. Stillness and beauty find their place in everyday moments. This is where life unfolds slowly, thoughtfully and always in harmony.

In between still walls and soft wind, your home breathes freely

Nature is not outside your home. It lives with you, through green walls that grow beside you and air that moves gently from every direction. Each home welcomes the sun and breathes with the wind. Common spaces draw power from the sun, making your everyday life cleaner and kinder to the planet.

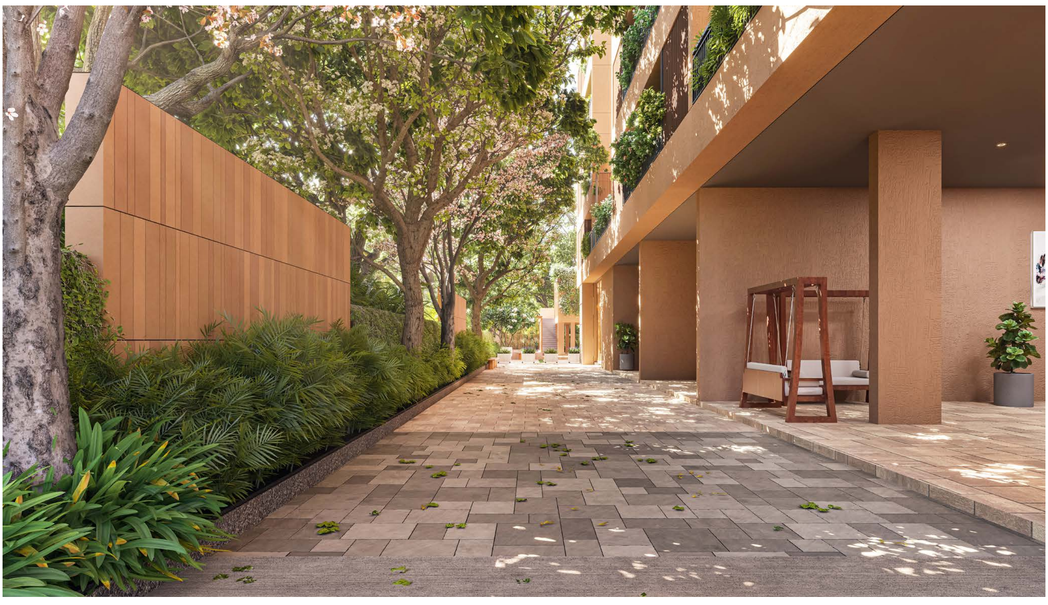

COMMON AREA LIGHTING AND UTILITIES POWERED BY SOLAR

GREEN FACADE WITH MAINTAINED VERTICAL LANDSCAPING

FOUR-SIDE OPEN ORIENTATION WITH CROSS VENTILATION

In between morning routines and quiet evenings, comfort is always present

From where you park to how you enter, daily life is made smoother by thoughtful details. Your home has its own parking space and a large private foyer to welcome you in. With property management services in place, help is never far when you need it.

ALLOTED PARKING FOR EVERY HOME

MAINTENANCE FRIENDLY DESIGN FOR YOUR FUTURE

WORRY-FREE PROPERTY MANAGEMENT SERVICES

SPACIOUS ENTRANCE FOYER FOR YOUR HOME

In between strength and stillness, structure and silence stand side by side

Beneath the still surface is a home built to last. Eco bricks made from recycled construction waste offer strength with lower environmental impact. Timeless materials like Kota stone and textured surfaces make the design feel lasting. The outdoor AC units are tucked away, keeping your facade clean.

BRICKS MADE FROM CONSTRUCTION WASTE (ECO BRICKS)

USE OF TIMELESS NATURAL MATERIALS IN THE BUILDING

CONTEMPORARY FACADE WITH DUCTED AC SYSTEMS

In between care for the planet and comfort at home, balance feels natural

You live in a home that gives you peace inside and out. The surroundings are quiet, green and welcoming. Shared floors come with airy common foyers, offering space without crowding. Individual water meters encourage mindful use, helping you live in a way that is caring, efficient and easy.

LOW DENSITY URBAN ZONE AND PEACEFUL SURRONDINGS

COMMON FOYER ON EVERY FLOOR

INDIVIDUAL WATER METERS FOR CONSERVATION

In between a fresh start and a forever home, lies your first

Whether you're starting a new chapter, raising a young family or looking for a peaceful place to grow, Between the Trees offers the perfect first home. Rooted in comfort, rich with potential a home that grows with you.

THE DEVELOPER

OUR EARTH,

In between city and soil, we are building the future of Earth-first living.

Our Earth has always stood for something deeper than just real estate. We build with care, design with intention and dream with a long view. From homes that foster community to developments that respect nature, every project reflects our belief in quiet, sustainable living.

Our story began with homes. Today, we continue to create residential and mixed-use communities across Gujarat that offer space, strength and peace of mind. But we are also growing — slowly, mindfully — into something more.

The next chapter of Our Earth ventures into Earth-first living.

31
YEARS OF EXPERIENCE

14,82,000 sq.ft
TOTAL AREA DELIVERED AS OF 2025

9
NO. OF PROJECTS COMPLETED

In between your doorstep and the skyline, life flows beautifully

From quiet corners to lively shared spaces, these community amenities create moments for movement, stillness, gathering and retreat — each one thoughtfully placed, open to the sky or rooted in the earth.

EARTH LEVEL AMENITIES

- VERANDA SEATING SPACES FOR EACH BLOCK
- KIDS' PLAY AREA WITH EPDM SURFACE
- GYM AND FITNESS CENTRE
- SEMI-COVERED OUTDOOR SEATING
- LAWN GARDEN
- MULTIPURPOSE HALL WITH BUILT-IN KITCHEN

SKY LEVEL AMENITIES

- INDOOR LIBRARY
- INDOOR GAMES
- OPEN AIR BARBECUE WITH SEATING
- YOGA DECK
- AMPHITHEATRE WITH PROJECTOR WALL
- SWING CLUSTER WITH PERGOLA SEATING

In between vision and execution, every hand matters

Meet the team of architects, engineers, landscape planners and consultants who bring their expertise to every square foot of this project.

MARUTI ASSOCIATES

In between the blueprint and your life, a home takes form

STRUCTURE

Shell: RCC frame structure with a height of 9'10" from slab top to slab top.

Masonry: High-quality, high-strength eco-bricks made from construction waste used throughout.

FLOORING AND DADO

Living & Dining: Premium glazed vitrified tiles.

Kitchen: Granite countertop with ceramic glazed tile dado up to 2 feet.

Utility: Kota stone flooring with ceramic glazed tile dado.

Bedrooms: Premium glazed vitrified tiles.

Bathrooms: Ceramic glazed tiles.

Lobby Area: Double-charged vitrified tiles.

Foyer Stairs: Granite treads with glazed vitrified tiles on risers.

SANITARY & PLUMBING

Water Closets: Western-style porcelain EWC of Cera or equivalent in all bathrooms.

Wash Basins: Porcelain Cera or equivalent in all bathrooms.

Health Faucets: High-quality health faucets in all bathrooms.

Kitchen Sink: Single bowl stainless steel sink.

Showers: 5-inch diameter shower head with long arm.

Bath Accessories: Towel rings, towel rods, and toilet paper holders provided.

Piping: Internal water supply and drainage in uPVC pipes; hot water lines in cPVC pipes; sewage in PVC pipes.

ELECTRICAL

Wiring: Concealed wiring of RR or equivalent make in PVC & HDPE conduit (ISI marked).

Switches & Sockets: Havells or equivalent make.

DOORS & WINDOWS

Frames: Door and window frames in granite slabs; main door frame in solid wood.

Doors: Flush doors throughout.

Windows: Aluminium extruded frames or uPVC with clear glass.

Screens: Mosquito screens for all windows.

PAINTS

Outdoor: Single coat primer with two-coat acrylic paint finish.

Indoor: Two-coat wall putty finish.

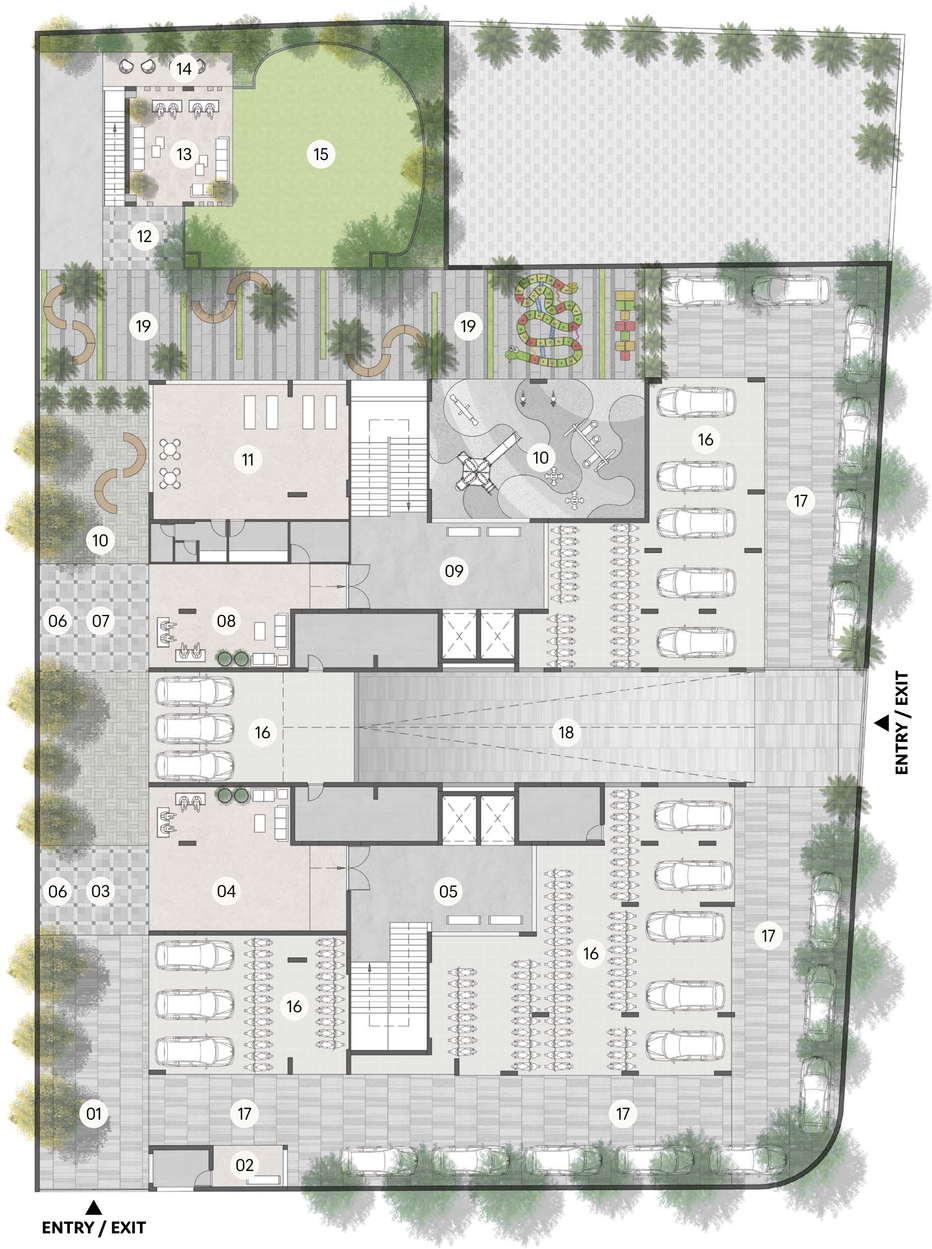

LANDSCAPING

Soil: High-quality red soil mixed with sand and manure as the base layer.

Irrigation: Drip irrigation system for landscaped areas.

Note: All specifications are subject to change and decisions taken from time to time by the promoters shall be final and binding.
